

CONTACT Diecast Solutions for:

NEW Cold Chamber Die Casting Machines
NEW Hot Chamber Die Casting Machines
Die Casting Machine Remanufacturing

FRECH®

U. S. A.

Ahead in Diecasting Technology

Since 1949, Oscar FRECH has been on the forefront of die casting technology. IN 1970, FRECH expanded globally in both hot and cold chamber markets. Today FRECH has 12 global offices along with machine manufacturing operations in Germany, Asia, Spain,

Poland and USA. FRECH's longevity and commitment to research and development is an integral part of their success.

Because FRECH's business is dependent only in the die casting market, they commit a large portion of their profits to R/D.

FRECH manufactures 150-200 hot and cold chamber machines annually. Currently, over 5000 machines are in operation globally, approximately 270 in North America.

- Cold Chamber Machines to 2500T & Hot Chamber to 800T
- Modular design for identical manufacturing of all machine sizes
- 400 inches per second standard
- Divided machine frame
- Powerful and logical control systems intuitive and self diagnostic
- Unparalleled process control
- Complete turnkey cell integration
- Michigan City, IN USA Headquarters
- Over 5000 machines in operation globally
- FRECH is your source for COLD and HOT Chamber Die Casting Machines

FRECH USA

FRECH IS ONLY IN THE DIE CASTING INDUSTRY and NO OTHER

If you want powerful, accurate, durable, and technologically driven machines, then you want
FRECH
