

CONTACT Diecast Solutions for Electric Crucible Furnaces

- Striko is the world leader in furnace technology
- Let our product line add to your bottom line

Important Features

- Simplicity of Design
- Parallel wiring vs. Series wiring
- Heating Element Life
- Ease of Service
- Energy Efficiency - melting/holding
- Ground Fault Interrupter - 480V
- NEMA 12 Sealed Control Panel
- Power Level Selector
- Honeywell & Allen Bradley Components
- Heavy Duty Construction

To see more furnace information, please visit the StrikoDynarad website at:
www.strikodynarad.com
Located in Zeeland, MI USA

Low Operating Cost

- Energy Consumption vs. Induction or Gas
- .175KW per lb.
- Lower Melt Loss - Less Oxide
- Longer Crucible Life
- Heating Element Warranty 2 years
- Ease of Element replacement
- Parallel Wiring
- Full Voltage Element
- Mechanical or Mercury Contactors
- Power Level Selector - Melt or Hold
- Optional SCR's
- True Ground Fault Interruption
- Portable
- Stationary or Tilting

Environmental

- No Venting
- No Exhaust Fumes
- Quiet
- Better Working Conditions
